

Bio Energetic Field Enhancement

## Model 3100

The Q2 ENERGYspa™ was created to realign, balance and enhance the bio energetic levels in water that is then used by the cells of all living things.

Designed in Australia it leads the world in non invasive energetic hydro-therapy technology.

The model 3100 is our standard user model, it incorporates improved circuitry giving an increase in electrical signal clarity and meets a higher degree of strict electrical safety standards.

This model comes with the NEW Orb, which will deliver an improved Bio-Energetic Enhancement. It has been designed to meet the International Electrical Equipment Isolation Safety Standard IEC60601.1 with consideration to the international wiring rules with variations to suit Europe, USA, Canada and Australia.

The model 3100 power supply is double insulated, designed & built to comply with CE mark & UL requirements.

### Improved Clarity

Improvements to the circuitry and components for this model now produce a much cleaner source of power to the Orb which means better quality for you. As an added benefit this prolongs the life of your consumables.

### DVD Multimedia Presentation

The Q2 ENERGYspa™ comes packaged with a multimedia presentation. This presentation contains live video coverage of events and best of all, it contains video footage of "How to Use" the Q2 ENERGYspa™ and maintain the unit yourself.

### The model 3100 includes;

- Innovative Q2 Orb
- 2 Ring & Track Sets
- Connection Cable
- Spare Fuses
  - 2 x 4Amps, 250V (F4AL250V)
  - 2 x 2Amps, 250V (F2AL250V)
- User Guide
- Quick Reference Guide
- Multimedia DVD Presentation
- Carry Bag and Timer
- Warranty Information & Card
- Information Guide

### Technical

- Built in self protection
- Manual Adjustment
- Manual Timing
- Latest Innovative Enhanced design
- Improved Bio-Energy Enhancement
- Built to International Electrical Safety
- Isolation Standards IEC60601.1
- Compliance to CE Mark

**CLASS II Equipment**, Type B Applied Part  
Safety extra low voltage isolating DC Power Supply.

**Input:** 100 to 120Vac 50/60Hz, 95W or  
200 to 240Vac 50/60Hz, 95W  
As indicated on the power supply.

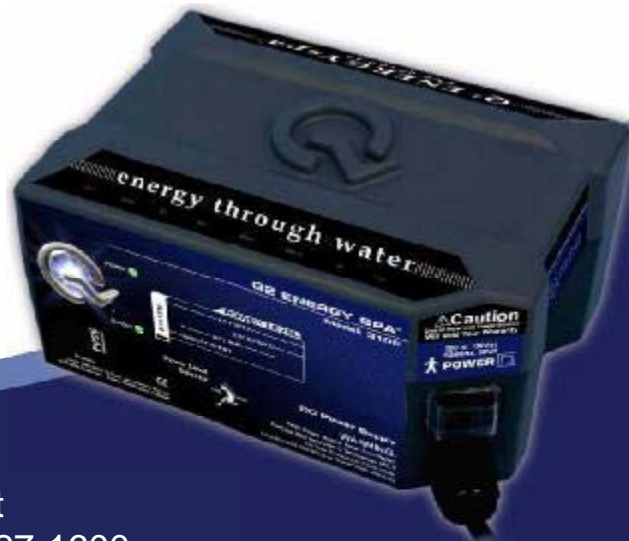

**Output:** Isolated, Rectified and Filtered, 28Vdc, 3Amps.

**Dimensions:** 190x135x103mm

**Weight:** 2.8Kg (6.2 lbs)

**Q - THE EXPERIENCE**
